INITIATIVE PETITION
AMENDMENT TO THE CONSTITUTION

If the petition circulator does not comply with all of the requirements of the Michigan election law for petition circulators, any signature obtained by that petition circulator on that petition is invalid and will not be counted.

Under the proposed amendment, the legislature will no longer be able to add appropriations to laws to prevent voters from exercising their right to approve or reject such laws. The legislature will no longer be able to accept laws proposed by a small percentage of voters and thereby prevent vetoes by the governor. Instead, such laws will be placed on the ballot for a vote by all voters. As the number of voters increases, it increases the number of signatures required to launch ballot proposals. Accordingly, the amendment increases the length of time for petition circulation.

The full text of the proposed amendment appears on the reverse side of this petition, along with provisions of the existing constitution which would be altered or abrogated if the proposal is adopted
The provisions of the existing constitution that are being altered or abrogated are as follows: Article II, Section 9, Article IV, Section 31 and Article XII, Section 2.

We, the undersigned qualified and registered electors, residents in the county of _____, state of Michigan, respectively petition for amendment to constitution.

WARNING – A person who knowingly signs this petition more than once, signs a name other than his or her own, signs when not a qualified and registered elector, or sets opposite his or her signature on a petition, a date other than the actual date the signature was affixed, is violating the provisions of the Michigan election law.
